NON-PROFIT SECTOR SURVEY ON LATE CAREER/POST-RETIREMENT PAID EMPLOYMENT

OEFTA encourages individuals aged 45+ who are planning to retire or make other work changes, or who are already retired to participate in a confidential survey conducted by Human Resources (HR) Council for the Voluntary and Non-profit Sector.

OEFTA has endorsed the project and survey.

The HR Council works with educators, labour and government to identify and address HR issues and is funded by the Government of Canada's Sector Council Program. For more information on the HR Council, see:
www.hrcouncil.ca/home.cfm

The survey is available in both English and French and should take about 10 minutes to complete.

The HR Council will use the study results to develop information materials to better inform employers and individuals about paid employment opportunities in the Canadian non-profit sector. Completing the survey will be informative to individuals, and also aid the Canadian non-profit sector and its 69,000 charitable and community organizations.

A direct web-link is provided at the end of the survey which takes those who have completed the survey to a web page where they can request additional information regarding employment in the non-profit sector and/or request a copy of the final study results.
